WELDON B. HEYBURN

Idaho Senator Dies of Heart Disease at Washington City.

SENATOR HEYBURN CLAIMED BY DEATH

Dies After Months of Suffering From Heart Disease.

Washington, Oct. 18.—Weldon B. Heyburn, United States senator from Idaho, died at his apartment in the Wyoming here. The senator had been suffering for several months from heart trouble and grave concern had been expressed over his condition for a week or more. Mr. Heyburn had the reputation of being one of the hardest workers and best-posted men in congress.

Senator Heyburn was born in Delaware county, Pa., May 28, 1852. His parents were Quakers. He was admitted to the bar in 1876. From the day of his appearance in congress he earned the reputation of being a virile, able speaker.

Senator Heyburn's term would not have expired until March 3, 1915, and his death throws another senatorship open to the Democrats in the coming election. This makes a total of 34 seats in the senate that will be at stake in the November election.

Vice President Sherman was notified of Senator Heyburn's death and will appoint a committee to attend the funeral, which will be held in Delaware county, Pa.

Assassin Shrank's Bail Raised

Judge Blocks Scheme of Moving Picture Men.

Milwaukee, Wis., Oct. 18.—Bail fixed for John Shrank, who shot Theodore Roosevelt, has been raised to \$15,000 by Judge Backus, who will have charge of Shrank's trial. The bail was raised because a moving picture syndicate planned to put up the bail money to get Shrank out of jail long enough to get some pictures and then surrender him to the sheriff.

Cleveland, O., Oct. 18.—Apparently crazed by his love for 13-year-old Matilda Mizek, Gabriel Nagy, 23, killed the girl and wounded her father fatally. Mizek is under arrest.

Little States Accused of Attempting to Interfere With the Internal Affairs of the Ottoman Empire—Bulgaria Singled Out as Being the Aggressor in Every Instance—Grecian Boats Force Entry to Gulf of Arta.

London, Oct. 18.—Turkey has declared war on Bulgaria and Serbia. Greece has declared war on Turkey. Serbia has declared war on Turkey. This is the tangled situation in the Balkans after a day of diplomatic machinations.

Turkey's omission of Greece from her declaration caused great surprise when the news became known, but the Turkish minister of foreign affairs in an interview said flatly that he regarded the admission of the Greek representatives into the Greek chamber of deputies as a casus belli, and that a formal declaration of war on the part of Turkey was only a question of time.

Greece forestalled Turkey, however. The Turkish minister had already left Athens when the declaration of war was proclaimed.

Serbia has notified her envoy at Constantinople that she on her side has declared war against Turkey and King Peter has gone to the front to order his troops to advance.

Turkey in her declaration blames Bulgaria and Serbia for the border fighting of the last few weeks and accuses the little states of attempting to interfere with the internal affairs of Turkey. The Turkish war department has made a list of the recent skirmishes on the Bulgarian frontier, accusing the Bulgarians of being the aggressors in every instance. Bulgaria has not declared war, although her king has left for the headquarters of his army and some declaration is expected hourly.

As soon as war was declared, Turkish troops were ordered to advance along the border country of Serbia and Bulgaria, and skirmishing between the Turks and allies began.

There are reports of fighting among the Turks and Greeks along the frontier.

In the first naval engagement of the Turko-Balkan war, two Greek gunboats forced the entrance to the Gulf of Arta. Despite a heavy fire from Turkish boats and shore batteries, the Greek warships got through the strait which separates the gulf from the Ionian sea.

Villages Are Destroyed in Big Storms

Storms Sweep Mexican Coast, With Heavy Loss of Life.

Matamoros, Mexico, Oct. 18.—Reports were received here telling of severe storms along the coast, with heavy loss of life and the destruction of much property. Scores of little villages along the coast were destroyed. Nearly all of the town of Soto la Marina was swept away. Among the nearby towns to Matamoros which were destroyed were Santa Teresa and San Fernando. The chain of islands lying between the gulf and the Laguna Madre were about 10 feet under water during the height of the storm, and it is thought all persons and live stock upon these islands were drowned.

Run Down by a Train.

Port Clinton, O., Oct. 18.—Diedrich Haselbrach, 82, a retired farmer, was killed by a Lake Shore train near his home. Haselbrach was crossing a new track which is being built on property he recently sold to the company, when a train ran him down.

EX PRESIDENT IS IMPROVING FROM WOUND

Colonel Roosevelt Gains Steadily, Say the Surgeons.

TONIGHT THE CRUCIAL PERIOD

Patient Confident That Seven Days' Time Will See Him Taking Part in the Campaign Again—Doctors Say He Will Be Kept in Chicago Until Middle of Next Week—Mrs. Roosevelt in Charge.

Chicago, Oct. 18.—Colonel Roosevelt gains steadily and the surgeons in attendance upon him at Mercy hospital believe that he is upon the high road to recovery, unless complications set in. All bulletins showed a generally improved condition, pulse, temperature and respiration showing little variation and being practically normal.

"The colonel is reacting rapidly to his normal temperament and we are all pleased with his condition," was the way Chief Surgeon Murphy put it.

The crucial period is expected to be reached tonight. If no trace of septic poisoning develops, the doctors say it will be a case of marking time during the tedious period a wound is healing, and that in a week's time at least it will be possible to move the colonel to his home in Oyster Bay. The doctors make the authoritative statement that the patient will be kept in Chicago until the middle of next week.

Mrs. Roosevelt in Charge.

The steady improvement of the colonel is attributed to the firm manner of Mrs. Roosevelt in taking charge of the sick room.

The colonel is confident that 10 days' time will see him taking part in the campaign. The most eventful of the day for him was to issue the first statement since the attack in Milwaukee. It was in reply to a speech by W. J. Bryan.

The next important event in the day for the colonel was to devise a plan with Miss Jane Addams for a trial of woman's suffrage in the District of Columbia.

A program of quiet and rest will be the order for the colonel. Probably his only guest aside from members of his family will be his running mate on the Progressive ticket, Governor Hiram Johnson. Governor Johnson is scheduled to make a speech in Chicago tonight, and the Progressive managers arranged for an interview with the colonel.

THREE KILLED OUTRIGHT

Passenger Train Runs Down a Party of Seven Pleasureseekers.

Massillon, O., Oct. 18.—Three persons were killed outright, one fatally hurt, two less seriously and one escaped injury near Harmon, five miles south of here, when a Wheeling & Lake Erie passenger train running backwards ran down a party of seven pleasureseekers returning from the Tuscarawas county fair at Canal Dover to their homes in Somerdale. The dead are: John Abel, 28; Miss Marie Smith, 16, and Mrs. Lena Smith, 27, all of Somerdale.

Damaging Old Letters Identified By Sweetheart

Former Sweetheart of John McNamara Witness in Dynamite Cases.

Indianapolis, Ind., Oct. 18.—Miss Mary C. Dye of Pittsburg, reported to be a former sweetheart of John J. McNamara, was an important witness in the dynamiting cases. She identified 50 or 60 letters, and fully 200 more will be presented to her for the same purpose. Letters in the handwriting of Ryan, Butler, J. J. McNamara, E. A. Clancy, Hocking, Barry and a few other defendants were identified by Miss Dye. She also identified letters she had written to them at McNamara's dictation and letters from P. J. Morrin and William Bernhard as having been received at headquarters while she was employed there. These letters the government holds all contain direct references to dynamiting, and they will be read to the jury as soon as this identification is completed. There are nearly 500 of these letters.

Type of Soldiers In Balkan Uprising and Two Rulers

Photos by American Press Association.

IN the uprising of the Balkan kingdoms against Turkish rule in Macedonia and Albania the Serbian troops were among the first to mobilize under orders from King Peter. This picture shows the type of the Serbian soldiers and also King George of Greece, who united with the Balkan kings in revolt, and the sultan of Turkey. The army of the Serbs comes to about 130,000 combatants in case of war. In Serbia, as in her neighbor states, service is compulsory and universal. Continuous service in the infantry is for two years and for the artillery and cavalry two years. Then comes service in the reserve and territorial troops for every Serbian until he reaches the age of forty-five. The Serbian infantry has the Mauser rifle, and the artillery uses a quick firing field gun on the Schneider-Canet system.

Rebel Soldiers Loyal to His Cause Within Forty Miles of National Capital—Diaz Himself Pushing His Advance Toward the City of Mexico. Madero to Be Held Accountable For Welfare of Reyes.

Tampico, Mexico, Oct. 18.—Felix Diaz, nephew of the deposed president of Mexico, is being proclaimed president throughout the southern state of the republic.

Five regiments of infantry, the bulk of federal troops on this coast, have joined the Diaz colors. After a stormy session of congress, during which Deputy Madero demanded the resignation of the president of the chamber refusing to permit discussion, Madero later attacked the government and insisted peace could come to Mexico only through either the resignation of Madero or the intervention of the United States.

General Diaz is in undisputed control not only of the port of Vera Cruz, but the entire state. He has 3,000 men under his immediate command in that city, while rebel troops loyal to his cause are within 40 miles of the national capital. Diaz has a huge cache of arms and ammunition in Vera Cruz, he has the backing of his uncle's millions, and did not under-

Very Heavy Contributions To Roosevelt Campaign

Munsey, Lawson and Cortelyou Called to the Stand.

Washington, Oct. 18.—Expenditures disclosed before the senate committee bring the total cost of the Roosevelt pre-convention campaign at considerably over \$750,000, not including accounts by many of the state organizations. Frank A. Munsey, the publisher, testified that he contributed \$118,000 all told. He added that in the light of the contributions that have been attributed to him by the Taft managers, he felt like a piker.

Thomas W. Lawson of Boston also has earned a place among the big Roosevelt contributors. He testified that he spent \$100,000 in advertising to promote the Roosevelt candidacy in Massachusetts.

George B. Cortelyou, chairman of the Republican national committee of 1904, was recalled to the witness stand and explained some of the seeming discrepancies between his

Married in July Kept It Secret

The announcement has just been made of the marriage on July 13 of Mr. Jesse Hubbard, son of Mrs. R. C. Teft, of this city, and Miss Marie Darby, only daughter of Mr. and Mrs. Wright Darby, of Austin, the marriage occurring in Newport, Ky., and being kept secret from every one except John Warnock, a fellow telegrapher on the C. H. & D.

The announcement of the wedding was made at the supper table at the groom's home, where Mr. and Mrs. Darby and their daughter had been invited to dine. Just before supper was served the marriage certificate was displayed, completely dumbfounding the parents of both.

The surprise was all the greater because it had been planned that the young couple should be married on the following day, and preparations had been made for a wedding dinner the next day.

Mr. and Mrs. Hubbard will go to housekeeping on Sycamore street where they have a house already furnished.

All good wishes attend them.

WEDDING ANNIVERSARY CELEBRATED.

The twenty-fourth wedding anniversary of Mr. and Mrs. William Fogle was most enjoyably celebrated at their home last night.

The affair was altogether a surprise to Mr. and Mrs. Fogle, being promoted by twenty-five neighbors and friends. Mrs. F. M. McCoy invited Mrs. Fogle to accompany her to the meeting of the Daughters of Rebekah and during her absence the other neighbors transformed the house into a bower of floral beauty with alyssa, cosmos and greenery. Red and white hearts were festooned through the rooms and hung in garlands over the prettily decorated table in the dining room.

A delicious luncheon was served and at its close Mrs. Frank Reichert presented several gifts with the best wishes of the guests.

Mrs. Reichert and Mrs. Will Kidd were the instigators of the surprise, which was thoroughly appreciated by Mr. and Mrs. Fogle.

FIVE BALLS RECOVERED VICTIM IS IMPROVING

Josie Hargraves Able to Sit Up After Being Shot Six Times Last Sunday-- Complete Recovery Virtually Assured--Mont Phillips Takes Times Easy in County Jail, Facing Charge of Shooting to Kill.

Mrs. Josie Hargraves has passed the turning point, it is believed, and there is now little question about her speedy recovery from the wounds inflicted by Mont Phillips who used a .32 caliber and fired six shots into the woman's body.

It was first thought that only five bullets had taken effect, but the attending physician has already recovered three balls beside the one which penetrated the woman's hand and was picked up on the floor, and

also the one which entered her neck, lodged in the roof of her mouth and which she spat out at the time of the shooting.

The woman was able to sit up Friday morning, and her condition is very much improved. The balls which entered her left side and passed through to a point near the right side, caused the most serious injuries, although the one which penetrated the shoulder narrowly missed severing an artery.

Friday morning a bullet was removed from the woman's right side, where it had lodged against one of the ribs after passing through the body from the left side. It is believed that one more ball remains to be found.

Now six bullets fired into the body could escape touching a vital spot, would seem impossible, but such was the case in the wounds of the Hargraves woman.

A charge of shooting with intent to kill has been placed against Mont Phillips, but he has not been arraigned on the charge. He is taking times easy in the county jail, and informs the authorities that he is in no hurry about the proceedings, as the grand jury will not meet until January.

H. & D.

The announcement of the wedding was made at the supper table at the groom's home, where Mr. and Mrs. Darby and their daughter had been invited to dine. Just before supper was served the marriage certificate was displayed, completely dumbfounding the parents of both.

The surprise was all the greater because it had been planned that the young couple should be married on the following day, and preparations had been made for a wedding dinner the next day.

Mr. and Mrs. Hubbard will go to housekeeping on Sycamore street where they have a house already furnished.

All good wishes attend them.

WEDDING ANNIVERSARY CELEBRATED.

The twenty-fourth wedding anniversary of Mr. and Mrs. William Fogle was most enjoyably celebrated at their home last night.

The affair was altogether a surprise to Mr. and Mrs. Fogle, being promoted by twenty-five neighbors and friends. Mrs. F. M. McCoy invited Mrs. Fogle to accompany her to the meeting of the Daughters of Rebekah and during her absence the other neighbors transformed the house into a bower of floral beauty with sylvia, cosmos and greenery. Red and white hearts were festooned through the rooms and hung in garlands over the prettily decorated table in the dining room.

A delicious luncheon was served and at its close Mrs. Frank Reichert presented several gifts with the best wishes of the guests.

Mrs. Reichert and Mrs. Will Kidd were the instigators of the surprise, which was thoroughly appreciated by Mr. and Mrs. Fogle.

FIVE BALLS RECOVERED VICTIM IS IMPROVING

Josie Hargraves Able to Sit Up After Being Shot Six Times Last Sunday- Complete Recovery Virtually Assured--Mont Phillips Takes Times Easy in County Jail, Facing Charge of Shooting to Kill.

Mrs. Josie Hargraves has passed the turning point, it is believed, and there is now little question about her speedy recovery from the wounds inflicted by Mont Phillips who used a 32 caliber and fire six shots into the woman's body.

It was first thought that only five bullets had taken effect, but the attending physician has already recovered three balls beside the one which penetrated the woman's hand and was picked up on the floor, and

also the one which entered her neck, lodged in the roof of her mouth and which she spat out at the time of the shooting.

The woman was able to sit up Friday morning, and her condition is very much improved. The balls which entered her left side and passed through to a point near the right side, caused the most serious injuries, although the one which penetrated the shoulder narrowly missed severing an artery.

Friday morning a bullet was removed from the woman's right side, where it had lodged against one of the ribs after passing through the body from the left side. It is believed that one more ball remains to be found.

How six bullets fired into the body could escape touching a vital spot, would seem impossible, but such was the case in the wounds of the Hargraves woman.

A charge of shooting with intent to kill has been placed against Mont Phillips, but he has not been arraigned on the charge. He is taking times easy in the county jail, and informs the authorities that he is in no hurry about the proceedings, as the grand jury will not meet until January.

IN SOCIAL CIRCLES

Mr. and Mrs. Grant Hays entertained with an elaborate 7 o'clock dinner last night, in compliment to Miss Flora Armbruster, of Columbus. The additional guests were Mrs. Joe Rodgers, of Bloomingburg; Mr. and Mrs. Harry Fitzgerald; Mr. and Mrs. Elmer Klever; Mrs. Josephine Kerr; Mrs. Alice Moorman; Misses Bess Kerr and Marie Pursell.

In honor of a bride of the coming week, Miss Margaret McClure, and to announce the engagement of another autumn bride, Miss Elizabeth Jenkins, Miss Edith Gardner gave a charming little Kensington Thursday afternoon.

The guests were confined to 14 of the younger girls who were special friends of the guests of honor.

The afternoon was merrily spent in hemming tea towels for Miss McClure and Miss Jenkins, each towel marked so as to show whose handiwork.

The hostess presented a dainty guest towel to each of the brides-elect and in presenting the towel to Miss Jenkins announced, with an entire absence of formality, her engagement to Mr. Fred West, son of Mr. and Mrs. C. P. West, of above Bloomingburg.

The announcement coming as a complete surprise to the guests was followed by a shower of good wishes.

Miss Jenkins is the daughter of Captain and Mrs. George C. Jenkins and an exceptionally talented girl, with an unusual record of brilliant scholarship. She studied at Pratt Institute and Columbia university and went from New York to Chicago to graduate with honors from the Chicago university. At the university she won the Robert Herriek scholarship in playwriting, which admitted her to Baker's dramatic class in Boston, Mass. While taking this course in dramatic work she has also been studying for a master's degree in literature. During the summer vacation Miss Jenkins has been visiting her parents and giving some time to the art study which was her first interest.

The marriage will probably be an event of the near future.

Mr. West, who is a wealthy and well known young farmer, is now operating his large wheat farm recently purchased in Canada, but is expected home in a short time.

It is seldom indeed that two girls of such distinctive talents as Miss McClure and Miss Jenkins are honor guests at the same function.

Miss McClure was wearing a handsome gown of brocaded green silk over black satin petticoat and having black trimmings.

Miss Jenkins' gown was of golden brown cocolon poplin with relief of gold thread lace and satin pipings of brown.

Miss Gertrude Gardner assisted in the afternoon's hospitalities.

END LIVER TROUBLE WITHOUT CALOMEL.

Untrustworthy Drug Thought to Loosen the Teeth, Now Made Absolutely Unnecessary.

Dr. Edwards' Olive Tablets—the substitute for calomel—are the mildest but surest laxative known, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. Dr. Edwards has been calomel's uncompromising foe. His efforts to banish it brought out these little olive-oil-colored tablets, a rare combination of vegetable compounds mixed with olive oil. These pleasant, harmless little tablets do all the good that calomel does but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel at all, but to let Olive Tablets take their place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Olive Tablets when you feel "lousy" and "heavy". Note how they "clear" the clouded brain and how they "perk up" the spirits.

At 10c and 25c a box. "Every little Olive Tablet has a movement all its own."

NEW YORK'S DISGRACE.

The trial of Police Lieutenant Becker, now in progress before Recorder Goff in New York City, is attracting nationwide attention.

The disclosures made by the gamblers and East Side gunmen who have been placed on the witness stand, if true, show that the Lieutenant Becker is one of the most monumental villains of a century.

The story of a widespread and perfectly working graft system, of which Becker and other police officers were the head and chief beneficiaries is almost beyond belief.

That men in trusted positions in the police department, with but a good living salary, should grow enormously rich, acquire vast property holdings, with no other means of acquiring money than to earn the salary attached to their position, and not arouse the honest and just curiosity of New York people, is a remarkable fact.

Becker, the undisputed facts seem to show, has grown enormously rich and during all the time that his wealth has been piling up he has been connected with the police department on a modest salary.

If he honestly earned that modest salary paid to him by the people, every instant of his waking hours must be occupied and every brain cell crowded with thoughts of how to best serve the people—protect their lives and their property.

Disclosures before and during the trial of Becker, indicate, it seems, conclusively that Becker and many others now in the department as well as many predecessors who have retired with big fortunes, have done nothing of the kind.

The honest discharge of their duty has not bothered them in the least. Their every thought and every energy and every waking moment has been devoted to and occupied with maintaining and improving as ingenious and devilish a system of blackmail and graft and murder, as ever sprung from this disordered imaginings of the nickle library writer.

That such a system could live and flourish and the designers and promoters of it prosper, in the metropolis of the nation, shows how busy New Yorkers are, making money. How thoroughly they are devoted to self interest and how careless of the public good.

If one-half the sordid tale related by Baldy Jack Rose and others of the brotherhood of gamblers, common thieves, gunmen, murderers and policemen is true, the iniquity of New York stands supreme in the world's history.

The underworld of crime and human misery and degradation, off of which these human vultures lived and thrived, was spotless honor and virtue in comparison.

All good Americans hope that the worst will be made known that the awful disgrace which the disclosures must of necessity, bring our greatest city, will result in ultimate good.

For years many noble men and noble women of New York have been devoting their energies and their fortunes to the work of relieving against some few of the most flagrant hardships worked by the system. These men and women have known of conditions, but have been powerless to change them. Making the best of the ruling dynasty of crime in New York they have gone along quietly with their work, accumulating a mass of evidence which was worthless until the murder of Gambler Rosenthal occurred. Then the apparently useless work of charitable men and women who in a quiet unostentatious way did the best they could, became of inestimable value.

It looks now very much as though the flag of virtue and good government would soon be raised over New York and the flag of slimy graft and murder, too long already allowed to float over the gateway to the promised land, would be lowered forever.

To Keep Young and Beautiful Choose the Right Work

By Dr. MARY HESS BROWN, New York Physician

THE REASON WHY THE AMERICAN WOMAN DOES NOT RETAIN HER BEAUTY AND YOUTH IS THAT SHE APPARENTLY FINDS IT DIFFICULT TO GRASP THE GOLDEN MEAN OF LIFE. SHE PERSISTS IN OVERDOING OR UNDERDOING.

The sallow complexions that you notice everywhere in this country are never seen in Paris. Women who have reached the age of fifty retain the grace and shapeliness of twenty-four.

There are many women who obey altogether too implicitly the injunction to eat sparingly. One has only to examine the daily menus of the girl who is trying to live on four or five or six dollars a week to be convinced of this. The FOOD WE EAT IS EQUIVALENT TO THE FUEL OF AN ENGINE. There must be plenty of it, and it must be of the RIGHT SORT to keep up our strength.

THE IDEAL WAY TO KEEP YOUTH AND GOOD LOOKS IS TO CHOOSE WORK WHICH INTERESTS WITHOUT OVERTIRING AND TO KEEP ONESELF FOR IT.

FALL STYLE BULLETIN for Men:

A hint of slenderness in the figure is again the prevailing note in the fall fashion.

—This does not mean tightness, although you run the risk of this fault in cheaply tailored suits without "balance." It means only a slightly narrower shoulder and hips, and trousers a trifle slimmer. Lapels are soft and rolling.

—Fabrics are as many as the men who will look them over. Worsteds are still popular. Rougher goods are feeling the style influence and you cannot be better dressed than in a Stein-Bloch tweed or cheviot.

—You can be fitted without doubt in a Stein-Bloch fall suit. A moment's call on your way home, or downtown, will settle the question—and the odds are on your being fitted and saving money.

Poetry For Today

OPPORTUNITY.

They do me wrong who say I come no more
When once I knock and fail to find you in;

For every day I stand without your door,

And bid you work, and rise to fight and win.

Wait not for precious chances passed away,

Weep not for golden hours on the wane!

Each night I burn the records of the day—

At sunrise every soul is born again.

Laugh like a boy at splendors that have fled;

To vanished joys be blind and deaf and dumb;

My judgments seal the dead past with its dead,

But never bind a moment yet to come.

Thou deep in mire, wring not your hands and weep,

I lend my arm to those who say "I can!"

No shame-faced outcast ever sank so deep

But we might rise and be again a man!

Dost thou behold thy lost youth all aghast?

Dost reel from righteous retribution's blow?

Then turn from blotted archives of the past,

And find the future's pages white as snow.

Art thou a mourner? Rouse thee from thy spell;

Art thou a sinner? Sins may be forgiven;

Each morning gives thee wings to flee from hell.

Each night a star to guide thy feet to heaven.

—Walter Malone.

NEW YORK'S DISGRACE.

The trial of Police Lieutenant Becker, now in progress before Recorder Goff in New York City, is attracting nationwide attention.

The disclosures made by the gamblers and East Side gunmen who have been placed on the witness stand, if true, show that the Lieutenant Becker is one of the most monumental villains of a century.

The story of a widespread and perfectly working graft system, of which Becker and other police officers were the head and chief beneficiaries is almost beyond belief.

That men in trusted positions in the police department, with but a good living salary, should grow enormously rich, acquire vast property holdings, with no other means of acquiring money than to earn the salary attached to their position, and not arouse the honest and just curiosity of New York people, is a remarkable fact.

Becker, the undisputed facts seem to show, has grown enormously rich and during all the time that his wealth has been piling up he has been connected with the police department on a modest salary.

If he honestly earned that modest salary paid to him by the people, every instant of his waking hours must be occupied and every brain cell crowded with thoughts of how to best serve the people—protect their lives and their property.

Disclosures before and during the trial of Becker, indicate, it seems, conclusively that Becker and many others now in the department as well as many predecessors who have retired with big fortunes, have done nothing of the kind.

The honest discharge of their duty has not bothered them in the least. Their every thought and every energy and every waking moment has been devoted to and occupied with maintaining and improving as ingenious and devilish a system of blackmail and graft and murder, as ever sprung from this disordered imaginings of the nickle library writer.

That such a system could live and flourish and the designers and promoters of it prosper, in the metropolis of the nation, shows how busy New Yorkers are, making money. How thoroughly they are devoted to self interest and how careless of the public good.

If one-half the sordid tale related by Baldy Jack Rose and others of the brotherhood of gamblers, common thieves, gunmen, murderers and policemen is true, the iniquity of New York stands supreme in the world's history.

The underworld of crime and human misery and degradation, off of which these human vultures lived and thrived, was spotless honor and virtue in comparison.

All good Americans hope that the worst will be made known that the awful disgrace which the disclosures must of necessity, bring our greatest city, will result in ultimate good.

For years many noble men and noble women of New York have been devoting their energies and their fortunes to the work of relieving against some few of the most flagrant hardships worked by the system. Battle Royal Is Expected Tomorrow

In the foot-ball game to be played on the Millikan field, in which the Washington High school team and the Springfield High school team will clash tomorrow afternoon, Washington must do some hard work if the game is won, and the hard work is all that is necessary.

Springfield will leave that city at ten o'clock, making the trip in automobiles, and will bring a good bunch of rooters. Washington will have plenty of rooters. Springfield has not played a game away from home this year.

Washington has been bucking down to work this week, and the extra practice, together with the loss of some of the conceit which lost the Chillothe game, expects to vindicate their former blunders in defeating Springfield by a good score.

Washington's line-up tomorrow is: Left end, Swartz; left tackle, Zimmerman; left guard, Dewitt; center, Moore or Pine; right guard, Freshour; right tackle, Hyer; right end, Edwards; right half-back, Mowley; quarter-back, Hughey; left half-back, Rothrock; fullback, Casey.

DON'T GOUGE OUT YOUR CORNS.

The razor or jack-knife way of paring and gouging out corns is but a temporary relief, and very often causes blood poisoning. To quickly relieve the pain and surely lift out the corn, apply Putnam's Painless Corn and Wart Extractor, the one sure remedy for sore foot lumps, warts, callosities, bunions and corns. Its name tells the story — Putnam's Painless Corn and Wart Extractor, 25c. per bottle. Beware of dangerous substitutes. Putnam's Extractor is sold by Blackmer and Tanquary.

"Big Dick" Powell Goes to Workhouse

"Big Dick" Powell, probably the most notorious of Greenfield's bad men and bootleggers, is in the Cincinnati workhouse as the result of absorbing too much bootleg booze and resisting Officer Knedler when that minion of the law attempted to arrest him.

Powell fought the officer, and after a hard tussle was landed in the lockup, and later given 30 days and \$25 and the costs, going to the Cincinnati works to pay out.

Powell will not be lonesome, however, for his brother, "Tud" is engaged in the same institution.

Making Much Needed Repair

The street roller was put to work again this week on North street, and after the street had been spiked up and the many ruts eliminated, the work of placing crushed stone on it commenced, and before bad weather sets in the street will be in splendid condition where the repairs are made. North street, being very narrow, and one of the most used thoroughfares in the city, has been in very bad condition for some time, and last spring it was filled with deep holes which made it a street to be shunned whenever possible.

HOW TO RESIST.

Chronic Coughs and Colds.

Strong vigorous men and women hardly ever catch cold; it's only when the system is run down and vitality low that colds and coughs get a foothold.

Now isn't it reasonable that the right way to cure a cough is to build up your run down condition again?

Mrs. Olivia Parham, of East Durham, N. C., says: "I took Vinol for a chronic cough which had lasted two years and the cough not only disappeared, but it built up my strength as well."

The reason Vinol is so efficacious in such cases is because it contains in a delicious concentrated form all the medicinal curative elements of cod liver oil, with tonic, blood building iron added.

Chronic coughs and colds yield to Vinol because it builds up the weakened, run-down system.

You can get your money back any time if Vinol does not do all we say. Blackmer & Tanquary.

P. S. For itching, burning skin try our Saxo Salve. We guarantee it.

Auto Wrecked Near Plymouth

Thursday a bad auto accident occurred near Plymouth, one mile from Milledgeville, and while an Overland touring car was completely wrecked the occupants fortunately escaped injury.

Harry Lynch, of Ridgeville, Ind., and E. L. Flethorn, familiarly known as "Barney Oldfield 2nd", were in the car, with Lynch at the wheel. "Barney" was standing on the side of the machine examining the engine, and Lynch was sending the auto over the road about 30 miles an hour, when his attention was attracted to the engine for an instant and the machine commenced skidding.

In an instant it had plunged into the ditch and one front and one rear wheel were smashed, and other damage done to the machine. Both occupants were given a severe jolting, but escaped without so much as a scratch.

Chronic Coughs and Colds.

Strong vigorous men and women hardly ever catch cold; it's only when the system is run down and vitality low that colds and coughs get a foothold.

Now isn't it reasonable that the right way to cure a cough is to build up your run down condition again?

Mrs. Olivia Parham, of East Durham, N. C., says: "I took Vinol for a chronic cough which had lasted two years and the cough not only disappeared, but it built up my strength as well."

The reason Vinol is so efficacious in such cases is because it contains in a delicious concentrated form all the medicinal curative elements of cod liver oil, with tonic, blood building iron added.

Chronic coughs and colds yield to Vinol because it builds up the weakened, run-down system.

You can get your money back any time if Vinol does not do all we say. Blackmer & Tanquary

Auto Wrecked Near Plymouth

Thursday a bad auto accident occurred near Plymouth, one mile from Milledgeville, and while an Overland touring car was completely wrecked the occupants fortunately escaped injury.

Harry Lynch, of Ridgeville, Ind., and E. L. Fichtorn, familiarly known as "Barney Oldfield 2nd", were in the car, with Lynch at the wheel. "Barney" was standing on the side of the machine examining the engine, and Lynch was sending the auto over the road about 30 miles an hour, when his attention was attracted to the engine for an instant and the machine commenced skidding.

In an instant it had plunged into the ditch and one front and one rear wheel were smashed, and other damage done to the machine. Both occupants were given a severe jolting, but escaped without so much as a scratch.

NEW YORK'S DISGRACE.

The trial of Police Lieutenant Becker, now in progress before Recorder Goff in New York City, is attracting nationwide attention.

The disclosures made by the gamblers and East Side gunmen who have been placed on the witness stand, if true, show that the Lieutenant Becker is one of the most monumental villains of a century.

The story of a widespread and perfectly working graft system, of which Becker and other police officers were the head and chief beneficiaries is almost beyond belief.

That men in trusted positions in the police department, with but a good living salary, should grow enormously rich, acquire vast property holdings, with no other means of acquiring money than to earn the salary attached to their position, and not arouse the honest and just curiosity of New York people, is a remarkable fact.

Becker, the undisputed facts seem to show, has grown enormously rich and during all the time that his wealth has been piling up he has been connected with the police department on a modest salary.

If he honestly earned that modest salary paid to him by the people, every instant of his waking hours must be occupied and every brain cell crowded with thoughts of how to best serve the people—protect their lives and their property.

Disclosures before and during the trial of Becker, indicate, it seems, conclusively that Becker and many others now in the department as well as many predecessors who have retired with big fortunes, have done nothing of the kind.

The honest discharge of their duty has not bothered them in the least. Their every thought and every energy and every waking moment has been devoted to and occupied with maintaining and improving as ingenious and devilish a system of blackmail and graft and murder, as ever sprung from this disordered imaginings of the nickle library writer.

That such a system could live and flourish and the designers and promoters of it prosper, in the metropolis of the nation, shows how busy New Yorkers are, making money. How thoroughly they are devoted to self interest and how careless of the public good.

If one-half the sordid tale related by Baldy Jack Rose and others of the brotherhood of gamblers, common thieves, gunmen, murderers and policemen is true, the iniquity of New York stands supreme in the world's history.

The underworld of crime and human misery and degradation, off of which these human vultures lived and thrived, was spotless honor and virtue in comparison.

All good Americans hope that the worst will be made known that the awful disgrace which the disclosures must of necessity, bring our greatest city, will result in ultimate good.

For years many noble men and noble women of New York have been devoting their energies and their fortunes to the work of relieving against some few of the most flagrant hardships worked by the system. These men and women have known of conditions, but have been powerless to change them. Making the best of the ruling dynasty of crime in New York they have gone along quietly with their work, accumulating a mass of evidence which was worthless until the murder of Gambler Rosenthal occurred. Then the apparently useless work of charitable men and women who in a quiet unostentatious way did the best they could, became of inestimable value.

It looks now very much as though the flag of virtue and good government would soon be raised over New York and the flag of slimy graft and murder, too long already allowed to float over the gateway to the promised land, would be lowered forever.

To Keep Young and Beautiful Choose the Right Work

By Dr. MARY HESS BROWN, New York Physician

THE REASON WHY THE AMERICAN WOMAN DOES NOT RETAIN HER BEAUTY AND YOUTH IS THAT SHE APPARENTLY FINDS IT DIFFICULT TO GRASP THE GOLDEN MEAN OF LIFE. SHE PERSISTS IN OVERDOING OR UNDERDOING.

The fallow complexions that you notice everywhere in this country are never seen in Paris. Women who have reached the age of fifty retain the grace and shapeliness of twenty-four.

There are many women who obey altogether too implicitly the injunction to eat sparingly. One has only to examine the daily menus of the girl who is trying to live on four or five or six dollars a week to be convinced of this. The FOOD WE EAT IS EQUIVALENT TO THE FUEL OF AN ENGINE. There must be plenty of it, and it must be of the RIGHT SORT to keep up our strength.

THE IDEAL WAY TO KEEP YOUTH AND GOOD LOOKS IS TO CHOOSE WORK WHICH INTERESTS WITHOUT OVERTIRING AND TO KEEP ONESELF FOR IT.

FALL STYLE BULLETIN for Men:

A hint of slenderness in the figure is again the prevailing note in the fall fashion.

—This does not mean tightness, although you run the risk of this fault in cheaply tailored suits without "balance." It means only a slightly narrower shoulder and hips, and trousers a trifle slimmer. Lapels are soft and rolling.

—Fabrics are as many as the men who will look them over. Worsteds are still popular. Rougher goods are feeling the style influence and you cannot be better dressed than in a Stein-Bloch tweed or cheviot.

—You can be fitted without doubt in a Stein-Bloch fall suit. A moment's call on your way home, or downtown, will settle the question—and the odds are on your being fitted and saving money.

Poetry For Today

OPPORTUNITY.

They do me wrong who say I come no more
When once I knock and fail to find you in;
For every day I stand without your door,
And bid you work, and rise to fight and win.
Wail not for precious chances passed away,
Weep not for golden hours on the wane!
Each night I burn the records of the day—
At sunrise every soul is born again.

Laugh like a boy at splendors that have fled;
To vanished joys be blind and deaf and dumb;
My judgments seal the dead past with its dead.
But never bind a moment yet to come.
Thou deep in mire, wring not your hands and weep,
I lend my arm to those who say "I can."
No shame-faced outcast ever sank so deep
But we might rise and be again a man!

Dost thou behold thy lost youth all aghast?
Dost reel from righteous retribution's blow?
Then turn from blotted archives of the past,
And find the future's pages white as snow.

Art thou a mourner? Rouse thee from thy spell;
Art thou a sinner? Sins may be forgiven;
Each morning gives thee wings to flee from hell.
Each night a star to guide thy feet to heaven.

—Walter Malone.

AUTUMN EXHIBIT

OF NEW GOWNS, WRAPS, SUITS, COATS, WAISTS, FURS, SHOES AND MILLINERY

THE NEW TAILORED SUITS WILL ATTRACT GREAT ATTENTION

Materials are softer, richer in weave and warmer in tone than is the usual case. The coats are longer and are trimmed with handsome braiding and embroidery; others are severely plain. The skirts are both wide and narrow.

The Wraps and Coats Are Strikingly Beautiful

Soft uncut velvets, satins and velours are popular for afternoon wear. Some are draped in wonderful ways; others hang as simply, plainly as can be. In fact, this is an educational exhibit in outer wraps.

The New Charmeuse and Velvet Dresses and Suits

Dainty, fashionably simple and with touches that distinguish them from the commonplace. Other materials that are much in favor are crepe meteor, serges and whipcords.

A Display of Furs That Every Woman Will Be Pleased To See

Fur Neckwear, Fur Muffs, Matched Sets, White Furs, Fur Coats and Misses' and Children's Sets in Styles. Such furs as American Sable, Russian Lynx, Black Fox, Natural Fox, Isabella Fox, Brown and Black Marten, Hudson Bay Sable and Chinchilla, Mole, Hudson Seal, Cross Fox, Wolverine, White Coney are among the best and most approved furs of the season.

The Waists Are Almost Indescribable

So many handsome new styles, so many beautiful ideas. Waists of Chiffon, Net, Messaline, Batiste, Voile, Linen and Linene are tastefully displayed and are here for your approval.

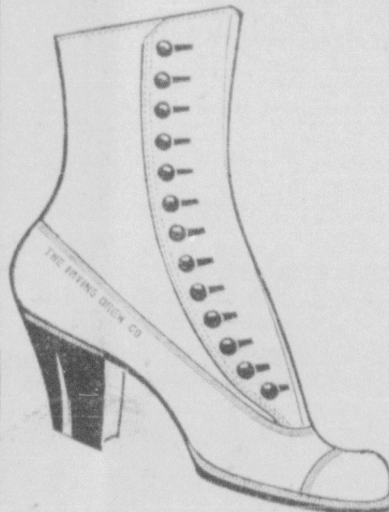

The Separate Skirts

Have a place of honor in this exhibit. Among them are black serges, mixed materials and velvets

THE NEW SILK SATIN CHARMEUSE

Hats for little children \$1.75 and up.

Battle Royal Is Expected Tomorrow

In the foot-ball game to be played on the Millikan field, in which the Washington High school team and the Springfield High school team will clash tomorrow afternoon, Washington must do some hard work if the game is won, and the hard work is all that is necessary.

Springfield will leave that city at ten o'clock, making the trip in automobiles, and will bring a good bunch of rooters. Washington will have plenty of rooters. Springfield has not played a game away from home this year.

Washington has been buckling down to work this week, and the extra practice, together with the loss of some of the conceit which lost the Chillicothe game, expects to vindicate their former blunders in defeating Springfield by a good score.

Washington's line-up tomorrow is: Left end, Swartz; left tackle, Zimmerman; left guard, Dewitt; center, Moore or Pine; right guard, Freshour; right tackle, Hyer; right end, Edwards; right half-back, Mobley; quarter-back, Hughey; left half-back, Rothrock; fullback, Casey.

DON'T GOUGE OUT YOUR CORNS.

The razor or jack-knife way of paring and gouging out corns is but a temporary relief, and very often causes blood poisoning. To quickly relieve the pain and surely lift out the corn, apply Putnam's Painless Corn and Wart Extractor, the one sure remedy for sore foot lumps, warts, callouses, bunions and corns. Its name tells the story — Putnam's Painless Corn and Wart Extractor, 25c. per bottle. Putnam's Extractor is sold by Blackmer and Tanquary.

"Big Dick" Powell Goes to Workhouse

"Big Dick" Powell, probably the most notorious of Greenfield's bad men and bootleggers, is in the Cincinnati workhouse as the result of absorbing too much bootleg booze and resisting Officer Knedler when that minion of the law attempted to arrest him.

Powell fought the officer, and after a hard tussle was landed in the lockup, and later given 30 days and \$25 and the costs, going to the Cincinnati works to pay out.

Powell will not be lonesome, however, for his brother, "Tud" is engaged in the same institution.

Making Much Needed Repair

The street roller was put to work again this week on North street, and after the street had been spiked up and the many ruts eliminated, the work of placing crushed stone on it commenced, and before bad weather sets in the street will be in splendid condition where the repairs are made.

North street, being very narrow, and one of the most used thoroughfares in the city, has been in very bad condition for some time, and last spring it was filled with deep holes which made it a street to be shunned whenever possible.

Most Hotly Contested Races Ever Witnessed On the Local Race Track

Delighted a Good Crowd of People at the Fall Fair on Thursday Afternoon.

RACES POSTPONED TODAY

Large Field of Horses Scored Down to the Starter's Wire in Every Race, and It Was Ding-dong Every Inch From Start to Finish.

The opinion seems to be general among those who attended yesterday's fall fair races that never in the history of the local track has such royal sport been seen.

The drivers and owners were out to win every race in which their horses were entered, the track was fast and the horses too, seemed to be infested with the spirit of the day.

Today the light rain continued from Thursday night, causing a postponement of today's card until tomorrow and the excellent Friday card supplemented by the unfinished card of Thursday, will insure an ideal day of real sport.

Strong Baron and Leola McKinney in the fourth heat of the 2:25 trot, collided during the first half, near the head of the stretch. Both horses had broken badly and Leola McKinney's driver in attempting to come past, caught the sulky wheel of Strong Baron's sulky. Both rigs were smashed and the drivers thrown but no one was seriously hurt. The horses were caught and no runaway resulted.

NEW KIND OF COAL

Manufactured Article Supplanting Chestnut Coal Lasts Twice as Long as Crude Coal and Local Men Investigate With View to Supplying Demand in This City.

Everyone knows what coal is, but few in this city have ever used or even heard of a manufactured coal such as the "20th Century", which was "invented" not long since to take the place of the chestnut Anthracite. During the past few years there has been an ever growing demand for chestnut anthracite coal, and the demand has by far exceeded the output, so that the price has reached a prohibitive mark, and to relieve the situation the "20th Century" coal was invented, and is manufactured from Scranton Anthracite coal.

Mr. Al Thornton of this city has been investigating the new invention with a view to selling it in this city, and says that tests show that it does everything claimed for it, which is nothing more or less than that it will last as long again or even longer, than the same amount of natural coal, and as the price compares favorably with that of the present chestnut anthracite, a strong demand for the manufactured product is predicted.

The new coal is made from pure Anthracite, with slate and bone removed. It is clean, mixed with a binder, and compressed into small, nearly round forms, suitable for domestic use in range, heater, open grate, or furnace. It has been thoroughly tested and over a half million tons have been sold in the short time that it has been on the market.

"20th Century" is manufactured in small discs, which retain their shape until consumed, and leave no clinkers. The discs are nearly as hard as the natural anthracite formation.

The Columbus Rail and Light Co. is highly pleased over the tests conducted for its benefit and have ordered quantities of the new coal.

Delighted a Good Crowd of People at the Fall Fair on Thursday Afternoon.

RACES POSTPONED TODAY

Large Field of Horses Scored Down to the Starter's Wire in Every Race, and It Was Ding-dong Every Inch From Start to Finish.

The opinion seems to be general among those who attended yesterday's fall fair races that never in the history of the local track has such royal sport been seen.

The drivers and owners were out to win every race in which their horses were entered, the track was fast and the horses too, seemed to be infected with the spirit of the day.

Today the light rain continued from Thursday night, causing a postponement of today's card until tomorrow and the excellent Friday card supplemented by the unfinished card of Thursday, will insure an ideal day of real sport.

Strong Baron and Leola McKinney in the fourth heat of the 2:25 trot, collided during the first half, near the head of the stretch. Both horses had broken badly and Leola McKinney's driver in attempting to come past, caught the sulky wheel of Strong Baron's sulky. Both rigs were smashed and the drivers thrown but no one was seriously hurt. The horses were caught and no runaway resulted.

NEW KIND OF COAL

Manufactured Article Supplanting Chestnut Coal Lasts Twice as Long as Crude Coal and Local Man Investigates With View to Supplying Demand in This City.

Everyone knows what coal is, but few in this city have ever used or even heard of a manufactured coal such as the "20th Century", which was "invented" not long since to take the place of the chestnut Anthracite.

During the past few years there has been an ever growing demand for chestnut anthracite coal, and the demand has by far exceeded the output, so that the price has reached a prohibitive mark, and to relieve the situation the "20th Century" coal was invented, and is manufactured from Scranton Anthracite coal.

Mr. Al Thornton of this city has been investigating the new invention with a view to selling it in this city, and says that tests show that it does everything claimed for it, which is nothing more or less than that it will last as long again or even longer, than the same amount of natural coal, and as the price compares favorably with that of the present chestnut anthracite, a strong demand for the manufactured product is predicted.

The new coal is made from pure Anthracite, with slate and bone removed. It is clean, mixed with a binder, and compressed into small, nearly round forms, suitable for domestic use in range, heater, open grate, or furnace. It has been thoroughly tested and over a half million tons have been sold in the short time that it has been on the market.

"20th Century" is manufactured in small discs, which retain their shape until consumed, and leave no clinkers. The discs are nearly as hard as the natural anthracite formation.

The Columbus Rail and Light Co. is highly pleased over the tests conducted for its benefit and have ordered quantities of the new coal.

Jury Disagrees The Second Time

In the case of Amos Thornton against A. C. Duff and others, which has been up for hearing in Common Pleas court this week, the jury disagreed after remaining out from 2 until 5 o'clock Thursday evening. It is said they stood six to six.

The case is an old one, coming up some six or eight years ago, and was over the sale of some wheat. Some 4 or 5 years ago when it was last tried the jury disagreed.

Sanderson and Chaffin were attorneys for the plaintiff and John Logan for the defendant.

Diaz's Nephew

Stirs Mexico

(Continued from Page One.)

Take this revolt without vast stores. The Madero government is doomed. General Diaz declared General Bernardo Reyes, now held in the military prison in Mexico City, and who is under indictment in San Antonio, Tex., will be a member of his cabinet, and added that he would hold Madero strictly accountable for the welfare of Reyes.

Jose Diaz Oraz, cousin of the new insurrecto leader, who was an officer in the federal army, went over to the new cause, and took not only his own, but three other regiments of government troops with him. Diaz has pushed his advance toward the capital to Peachuca, 41 miles from Mexico City, on the line of the government railroad.

Government Aroused.

In order to crush the rebellion of Felix Diaz at Vera Cruz, not only have the federal armies from the north and the south been commanded to converge on that city, but General Joaquin Beltran has been ordered to move on Vera Cruz. From Mexico City itself two military trains under the command of Colonel Rubia Nevaretto, with 24 pieces of artillery, have been sent to General Beltran's support.

President Madero issued a call for 30,000 volunteers to fight Diaz. If they do not respond, he will resort to conscription.

WILL PROTECT AMERICANS

Cruiser Ordered to Vera Cruz, Where a Conflict Is Imminent.

Washington, Oct. 18.—The capture of Vera Cruz by revolutionists under General Felix Diaz, nephew of the former president, was accepted in official circles here as the most important development in the Mexican situation in many weeks. The cruiser Des Moines, upon her arrival at Progreso, received orders to return immediately to Vera Cruz. It is the imminence of the inevitable conflict between the forces under Diaz and a federal force that is approaching the city, which is causing anxiety among officials here. Hundreds of Americans in Vera Cruz are without positive assurance of protection of their life and property.

Mr. Lawson told the committee of a \$1,000,000 fund that had been pledged by "Wall street" to nominate a dark horse at the Democratic convention. He said that Roosevelt's candidacy had been promoted by interests which wanted neither him nor Taft for president and that the plan was to disrupt the Republican party and then nominate a "dark horse" at Baltimore, a plan which failed.

Rioting Is Charge Lodged Against Mayor

Socialist Mayor of Schenectady and Companions Under Arrest.

Utica, N. Y., Oct. 18.—George R. Lunn, Socialist mayor of Schenectady, and six of his Socialist co-workers from that city, were arrested in Little Falls on the charge of rioting. Mayor Lunn and a number of other Socialist orators attempted to address groups of striking employees of the Phoenix mills in Little Falls, in defiance of the ordinance which prohibits the delivering of speeches in the public streets without a permit, and Sheriff Moon and several of his deputies swooped down on the agitators catching eight in their net, but permitting Mrs. Lunn to go. Subsequently Mayor Lunn and his companions were arraigned and held in \$1,000 bail each.

Hearing Of Fogel Case Postponed

New York, Oct. 18.—If Horace Fogel, president of the Philadelphia National league club, can not prove his open charges that the Giants won the pennant this year through unfair or dishonest umpiring within the next 10 days, he will be forced to withdraw from the councils of the league, which, after a special meeting here, adjourned till Nov. 26, when final action will be taken. Fogel attended the session and brought with him a leather satchel which, he said, was filled with documentary proof of his charges.

White Sox Win Another.

Chicago, Oct. 18.—"Click" Mattick of the Chicago American league team kept his club in the running for the city championship by driving out a triple with the bases full in the ninth inning. When he scored a moment later on an out, he brought defeat to the local National leaguers. Each club has won three games.

MARCONI LOSES EYE

Wireless Wizard Was Threatened With Total Blindness.

Spezia, Oct. 18.—Guglielmo Marconi's right eye, which was injured in an automobile accident on Sept. 25 last, has been removed. A consultation of physicians had resulted in the decision that the removal of the eye was indispensable, as the famous wireless inventor was threatened with total blindness. Professor Fuchs, the celebrated oculist of the University of Vienna, was summoned in hot haste and he performed the operation, which it is stated was successful.

To Continue Fight For Good Roads.

Columbus, O., Oct. 18.—Aid through the state legislature by the means of a direct levy for the improvement and maintenance of the wagon roads of Ohio was advocated at the annual meeting of the Ohio Good Roads Federation. There was a disposition expressed to continue the fight for road improvement despite defeat of the constitutional amendment. Jesse Taylor of Jamestown was elected president of the federation, and H. K. Laird of Columbus secretary.

Councilman Indicted.

Toledo, O., Oct. 18.—An indictment jeopardizing the seat of John B. Merrell of this city, independent councilman-at-large, was returned by the grand jury, charging Merrell with unlawfully participating in the profits of the sale of a motor truck to the city of Toledo while acting as city councilman.

General Diaz declared General Bernardo Reyes, now held in the military prison in Mexico City, and who is under indictment in San Antonio, Tex., will be a member of his cabinet, and added that he would hold Madero strictly accountable for the welfare of Reyes.
Jose Diaz Oraz, cousin of the new insurrecto leader, who was an officer in the federal army, went over to the new cause, and took not only his own, but three other regiments of government troops with him. Diaz has pushed his advance toward the capital to Peachuca, 41 miles from Mexico City, on the line of the government railroad.

Government Aroused.
In order to crush the rebellion of Felix Diaz at Vera Cruz, not only have the federal armies from the north and the south been commanded to converge on that city, but General Joaquin Beltran has been ordered to move on Vera Cruz. From Mexico City itself two military trains under the command of Colonel Rubia Nevarez, with 24 pieces of artillery, have been sent to General Beltran's support.

President Madero issued a call for 30,000 volunteers to fight Diaz. If they do not respond, he will resort to conscription.

WILL PROTECT AMERICANS

Cruiser Ordered to Vera Cruz, Where a Conflict Is Imminent.

Washington, Oct. 18.—The capture of Vera Cruz by revolutionists under General Felix Diaz, nephew of the former president, was accepted in official circles here as the most important development in the Mexican situation in many weeks. The cruiser Des Moines, upon her arrival at Progreso, received orders to return immediately to Vera Cruz. It is the imminence of the inevitable conflict between the forces under Diaz and a federal force that is approaching the city, which is causing anxiety among officials here. Hundreds of Americans in Vera Cruz are without positive assurance of protection of their life and property.

previous testimony and the testimony of other witnesses. He contradicted flatly the testimony of Former Governor Odell and also the testimony of J. P. Morgan. He denied that he had received any Standard Oil \$100,000 contribution.

Mr. Lawson told the committee of a \$1,000,000 fund that had been pledged by "Wall street" to nominate a dark horse at the Democratic convention. He said that Roosevelt's candidacy had been promoted by interests which wanted neither him nor Taft for president and that the plan was to disrupt the Republican party and then nominate a "dark horse" at Baltimore, a plan which failed.

Against Mayor**

Socialist Mayor of Schenectady and Companions Under Arrest.

Utica, N. Y., Oct. 18.—George R. Lunn, Socialist mayor of Schenectady, and six of his Socialist co-workers from that city, were arrested in Little Falls on the charge of rioting. Mayor Lunn, Mrs. Lunn and a number of other Socialist orators attempted to address groups of striking employees of the Phoenix mills in Little Falls, in defiance of the ordinance which prohibits the delivering of speeches in the public streets without a permit, and Sheriff Moon and several of his deputies swooped down on the agitators, catching eight in their net, but permitting Mrs. Lunn to go. Subsequently Mayor Lunn and his companions were arraigned and held in \$1,000 bail each.

**Hearing Of
Fogel Case
Postponed**

New York, Oct. 18.—If Horace Fogel, president of the Philadelphia National league club, can not prove his open charges that the Giants won the pennant this year through unfair or dishonest umpiring within the next 10 days, he will be forced to withdraw from the councils of the league, which, after a special meeting here, adjourned till Nov. 26, when final action will be taken. Fogel attended the session and brought with him a leather satchel which, he said, was filled with documentary proof of his charges.

White Sox Win Another.

Chicago, Oct. 18.—"Chick" Mattick of the Chicago American league team kept his club in the running for the city championship by driving out a triple with the bases full in the ninth inning. When he scored a moment later on an out, he brought defeat to the local National leaguers. Each club has won three games.

MARCONI LOSES EYE

Wireless Wizard Was Threatened With Total Blindness.

Spezia, Oct. 18.—Guglielmo Marconi's right eye, which was injured in an automobile accident on Sept. 25 last, has been removed. A consultation of physicians had resulted in the decision that the removal of the eye was indispensable, as the famous wireless inventor was threatened with total blindness. Professor Fuchs, the celebrated oculist of the University of Vienna, was summoned in hot haste and he performed the operation, which it is stated was successful.

To Continue Fight For Good Roads.

Columbus, O., Oct. 18.—Aid through the state legislature by the means of a direct levy for the improvement and maintenance of the wagon roads of Ohio was advocated at the annual meeting of the Ohio Good Roads Federation. There was a disposition expressed to continue the fight for road improvement despite defeat of the constitutional amendment. Jesse Taylor of Jamestown was elected president of the federation, and H. K. Laird of Columbus secretary.

Councilman Indicted.

Toledo, O., Oct. 18.—An indictment jeopardizing the seat of John B. Merrell of this city, independent councilman-at-large, was returned by the grand jury, charging Merrell with unlawfully participating in the profits of the sale of a motor truck to the city of Toledo while acting as city councilman.

OHIO HAPPENINGS

After Liability Board of Awards.
Columbus, O., Oct. 18.—Liability insurance companies which operate in Ohio are back of a measure to be introduced in the next general assembly to do away with the state liability board of awards and to make it compulsory on employers to purchase compensation insurance for injured workmen, according to Secretary W. C. Archer of the board. He said that the reason for the move is their threatened elimination from Ohio by reason of the successful operation of the state insurance plan.

Tunnel Found in the Pen.
Columbus, O., Oct. 18.—In searching out the "weak" places in the penitentiary to prevent any further escapes like the one which occurred Saturday, Acting Deputy Warden Thomas Buey discovered a tunnel in one of the old abandoned boiler shops, which had been made by convicts in an attempt to dig out under the pen wall. The tunnel was well started, and was about 20 feet from the wall.

Woman Writer Dies.
Toledo, O., Oct. 18.—Mrs. Katherine C. Murphy, editorial writer for the Toledo Times, died after an illness of several weeks. Mrs. Murphy formerly was joint editor of the Toledo Commercial Journal and was prominent in club and woman suffrage circles. She was the widow of Michael E. Murphy, at one time editor of the Toledo Bee and the Toledo Sunday Journal. She was 48 years old.

Jewelry Store Robbed.
Huron, O., Oct. 18.—Posses are pursuing cracksmen who blew open two safes in the Leominster jewelry store here and escaped with \$3,000 worth of diamonds, watches and silverware. Although a number of citizens heard the muffled explosions, none investigated, and the burglars made good their escape in a rig stolen from a local livery stable.

Scores Cuyahoga Prosecutor.
Columbus, O., Oct. 18.—After urgent pleas had been made by her attorney, former Judge Sala of Cleveland, before the pardon board for the release of her husband from the penitentiary, Mrs. J. A. C. Gomer failed. She is soon to become a mother. Judge Sala bitterly scored the methods used by Prosecutor Chase in Cuyahoga county.

Minister Charged With Forgery.
Bellefontaine, O., Oct. 18.—Rev. Charles Walker, an honor graduate from the Second Baptist Theological seminary, was arrested at Anderson, Ind., under orders of the local police department. Walker is charged with forging the signature of W. H. Keith, a local business man, to a check for \$650.

Designates Tuberculosis Day.
Columbus, O., Oct. 18.—Sunday, Oct. 27, has been designated "Tuberculosis day" by Governor Harmon in a proclamation. Philanthropic organizations and individuals are urged to spread all information as to the character and prevention of the disease.

Physician Commits Suicide.
Lima, O., Oct. 18.—Marital troubles, according to a note he left, prompted the suicide of Dr. W. E. Rude, a Lima physician, who was found dead in his office by his daughter Edna. He had drunk the contents of an ounce bottle of carbolic acid.

Synod Elects Officers.
Upper Sandusky, O., Oct. 18.—At the session of Wittenberg synod, comprising 18 churches in Ohio, Indiana and Kentucky, Rev. A. A. Handley of Findlay was elected president and Rev. E. Luther Sparks of Carey secretary.

Veteran Engineer Dead.
Newark, O., Oct. 18.—Robert Mullin, 83, the oldest engineer in the Baltimore & Ohio railway service, fell dead at his home here. For 40 years he operated limited trains.

HYPNOTIZED BY JOHNSON?

Minneapolis Girl Infatuated With the Big Negro Pugilist.

Chicago, Oct. 18.—Jack Johnson, the negro heavyweight champion pugilist, appeared before Chief of Police McWeeny to explain his relations with Lucile Cameron, white, the 19-year-old daughter of Mrs. P. Cameron-Palmer of Minneapolis, for whom the police had been asked to search by the mother. The mother claims her daughter has been hypnotized by Johnson. The girl refuses to return home.

Cuts His Foot With Keen Adz

Mr. Add Duff, a prominent farmer residing on the Waterloo pike, five miles east of town, suffered a very serious injury Thursday while working with an adz.

The adz glanced at Mr. Duff struck a blow with it, and the keen blade struck the back part of his ankle severing an artery and one of the tendons, causing a wound which will require some time to heal. Mr. Duff lost considerable blood from the wound before a physician arrived and dressed it. He is resting easy at present.

Dedication Of

New Church

Sunday, October 27th, the new Methodist Episcopal church of Greenfield will be formally dedicated.

It will be a memorable day in the history of Methodism in Greenfield, as many obstacles have been encountered in erecting the structure, which was burned to the ground on April 28, 1910.

The dedication program will be an elaborate one. No attempt will be made to raise money on the day of dedication, but the books for receiving building funds will be kept open with the day previous.

Mrs. Peter H. Baker, 11501 13th St., Cleveland, O., says: "Yes, indeed I can recommend Foley's Honey and Tar Compound. My little boy had a bad case of whooping cough, some times he was blue in the face. I gave him Foley's Honey and Tar Compound, and it had a remarkable effect and cured him in a short time." Remember the name, Foley's Honey and Tar Compound and do not accept any substitute. Children like it, grown folks are quickly helped by it, and it contains no opiates. TOMORROW

THE LAST DAY

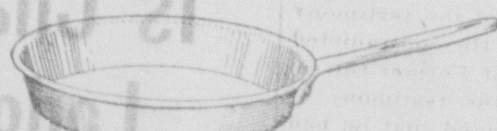

This has been one busy week, and still they come. Some just heard about it and came today. The rest are coming tomorrow, and the interest is so great that they keep coming back again and again.

Did we see you? Did you get one of those Specially Priced 1 1/2 quarts tipped handled SAUCE PANS at 29c. Did you get that article of Aluminum Ware as a present for that friend.

One more chance—a chance to free yourself from the slavery of using unsanitary ware.

TOMORROW

SATURDAY Morning the Demonstrator will fry mush in WEAR-EVER ALUMINUM FRYING PANS, and demonstrate how this may be done without the mush sticking to the pan. The mush will be nicely browned.

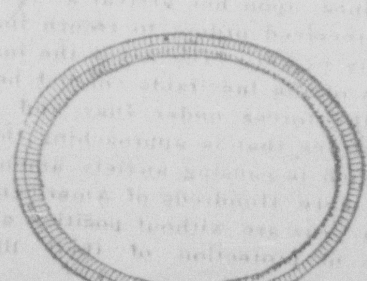

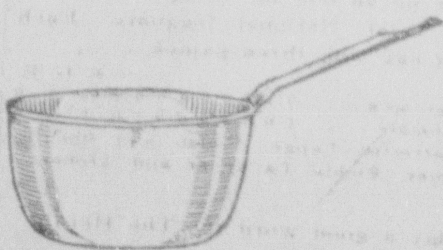

Saturday Afternoon

The Demonstrator will melt SUGAR and CHOCOLATE in Wear-Ever Aluminum Pans without stirring, and without adding water, and without grating the chocolate. This is a test advertised in the Ladies' Home Journal and other publications.

Banker Fred Prentiss Dead.

Columbus, O., Oct. 18.—Two days of persistent use of oxygen failed to save the life of Frederick W. Prentiss, 57, president of the Hayden-Clifton National bank and of the Columbus Clearing House association. He was a victim of pneumonia. Mr. Prentiss rose from the position of bank messenger to one of the best-known bank presidents in the state.

State Rests In Becker Case.

New York, Oct. 18.—The state rested its case against Lieutenant Becker after Justice Goff refused to permit the district attorney to prove that Becker, with no other apparent income than his salary of \$2,250 a year as lieutenant of police, deposited upwards of \$60,000 in savings banks during the months that Jack Rose is alleged to have acted as his collector. John W. Hart for the defense made his opening address to the jury.

The Mystery of Fishing.

Fishing is more full of mystery than a dime novel. For instance, here are a few questions about it that the wisest fisherman on earth can not answer:

When two men, using the same sort of bait, tackle, etc., fish in just the same way, side by side, from the same boat, why will one of them sometimes make a good catch, while the other catches nothing? Why will a certain bait prove irresistible to the fish one day and be scorned by them on another day that is just like the first? Why do fish seem ravenously hungry one minute and lie sulkily and motionless on the bottom the next minute? Why will there be hundreds of one sort of fish in a certain locality one day and why will they all be replaced by a totally different fish the next day? There are a hundred other unanswerable fish questions. But most unanswerable of all is the question why they are so easily caught by one man while another and perhaps more expert fisherman, sitting close beside the lucky fisher, won't get so much as a bite?

Horse Up a Tree.

Visitors to Perry Bar were much surprised yesterday morning to see a horse up among the branches of a tree. The animal had got in its uncomfortable position by falling ten feet from a bank that overtopped the tree. The tree probably saved the horse's life.

Blocks and fall were fastened to a tree stump on top of the hill and leather belts were wrapped about the horse. When the work of hitching the belts was completed it was found that the animal could not be rescued until several of the limbs of the tree were cut off. This took considerable time, during which the horse rested and watched the work of the score or more of men who were trying to release him. With the removal of the last limb the horse was slowly drawn to the top of the bank from which he had fallen. A close examination revealed that outside of a few scratches he was unhurt.—Baltimore American.

Mother has had her picture taken rather oftener than father has—but even she hasn't been in two years, and that picture will never do to send to Aunt Jane. She wears her hair so much more becomingly now—and anyway, it's high time there was another picture for the family collection.

HAYS STUDIO

THE Photographer in This Town

PULITZER'S HOUR OF EASE

Whim of Great Journalist Had to Be Scrupulously Observed by His Attendants.

After lunch the late Joseph Pulitzer always retired to his cabin for a siesta. I use the word "siesta," but, as a matter of fact, it is quite inadequate to describe the peculiar function or ceremony for which I have chosen it as a label.

What took place on these occasions was this: Mr. Pulitzer lay down on his bed, sometimes in pajamas, but more often with only his coat and his boots removed, and one of his secretaries, usually the German secretary, sat down in an armchair at the bedside with a pile of books at his elbow. At a word from Mr. Pulitzer the secretary began to read in a clear, incisive voice some historical work—Suetonius's "Lives," Green's "History," Macaulay's "Essays"—or some German play or novel.

After a few minutes Mr. Pulitzer would say, "Softly," and the secretary's voice was lowered until, though it was still perfectly audible, it assumed a monotonous and soothing quality. After a while the order came, "Quite softly." At this point the reader ceased to form his words and commenced to murmur indistinctly, giving an effect such as might be produced by a person reading aloud in an adjoining room, but with the connecting door closed.

If, after ten minutes of this murmuring, Mr. Pulitzer remained motionless, it was to be assumed that he was asleep, and the secretary's duty was to go on murmuring until Mr. Pulitzer awoke and told him to stop or to commence actual reading again. This murmuring might last for two hours, and it was a very difficult art to acquire, for at the slightest change in the pitch of the voice, at a sneeze or a cough, Mr. Pulitzer would wake with a start, and an unpleasant quarter of an hour followed.—American Magazine.

TRADED WIFE FOR TWO LOTS

On the ground that he had bartered her for two lots in Tacoma, Mrs. Ida M. Davis of Cleveland, Wash., was awarded a decree of divorce from James M. Davis. The complaint filed in the case recited allegations of cruel and inhuman treatment covering a period of several years, culminating in the sale by Davis of his spouse to one "Doc" Farrow for two lots in Tacoma and receiving a deed for the property.

Marietta College President Dies

Special to Herald.

Marietta, Ohio, Oct. 18.—Alfred Tyler Perry, president of Marietta college, and widely known as an educator, died of acute indigestion today.

Williams Is Still at Large

John Williams, the man who Monday night called Henry Valentine to the door of his residence in Bloomington and shot him through the shoulder, is still at large, and a warrant for his arrest charged with shooting to kill, is in the hands of the officials.

Williams has been working near Bookwalter, it is claimed, and formerly lived in this city.

Valentine had the bullet cut out of his shoulder and is recovering from the wound.

Banker Fred Prentiss Dead.

Columbus, O., Oct. 18.—Two days of persistent use of oxygen failed to save the life of Frederick W. Prentiss, 57, president of the Hayden-Clifton National bank and of the Columbus Clearing House association. He was a victim of pneumonia. Mr. Prentiss rose from the position of bank messenger to one of the best-known bank presidents in the state.

State Rests in Becker Case.

New York, Oct. 18.—The state rested its case against Lieutenant Becker after Justice Goff refused to permit the district attorney to prove that Becker, with no other apparent income than his salary of \$2,250 a year as lieutenant of police, deposited upwards of \$50,000 in savings banks during the months that Jack Rose is alleged to have acted as his collector. John W. Hart for the defense made his opening address to the jury.

The Mystery of Fishing.

Fishing is more full of mystery than a dime novel. For instance, here are a few questions about it that the wisest fisherman on earth can not answer:

When two men, using the same sort of bait, tackle, etc., fish in just the same way, side by side, from the same boat, why will one of them sometimes make a good catch, while the other catches nothing? Why will a certain bait prove irresistible to the fish one day and be scorned by them on another day that is just like the first? Why do fish seem ravenously hungry one minute and lie sulkily and motionless on the bottom the next minute? Why will there be hundreds of one sort of fish in a certain locality one day and why will they all be replaced by a totally different fish the next day? There are a hundred other unanswerable fish questions. But most unanswerable of all is the question why they are so easily caught by one man while another and perhaps more expert fisherman, sitting close beside the lucky fisher, won't get so much as a bite?

Horse Up a Tree.

Visitors to Ferry Bar were much surprised yesterday morning to see a horse up among the branches of a tree. The animal had got in its uncomfortable position by falling ten feet from a bank that overtopped the tree. The tree probably saved the horse's life.

Blocks and fall were fastened to a tree stump on top of the hill and leather belts were wrapped about the horse. When the work of hitching the belts was completed it was found that the animal could not be rescued until several of the limbs of the tree were cut off. This took considerable time, during which the horse rested and watched the work of the score or more of men who were trying to release him. With the removal of the last limb the horse was slowly drawn to the top of the bank from which he had fallen. A close examination revealed that outside of a few scratches he was unharmed.—Baltimore American.

IT'S TRUE

Mother has had her picture taken rather oftener than father has—but even she hasn't been in two years, and that picture will never do to send to Aunt Jane. She wears her hair so much more becomingly now—and anyway, it's high time there was another picture for the family collection.

PULITZER'S HOUR OF EASE

Whim of Great Journalist Had to Be Scrupulously Observed by His Attendants.

After lunch the late Joseph Pulitzer always retired to his cabin for a siesta. I use the word "siesta," but, as a matter of fact, it is quite inadequate to describe the peculiar function or ceremony for which I have chosen it as a label.

What took place on these occasions was this: Mr. Pulitzer lay down on his bed, sometimes in pajamas, but more often with only his coat and his boots removed, and one of his secretaries, usually the German secretary, sat down in an armchair at the bedside with a pile of books at his elbow. At a word from Mr. Pulitzer the secretary began to read in a clear, incisive voice some historical work—Suetonius's "Lives," Green's "History," Macaulay's "Essays"—or some German play or novel.

After a few minutes Mr. Pulitzer would say, "Softly," and the secretary's voice was lowered until, though it was still perfectly audible, it assumed a monotonous and soothing quality. After a while the order came, "Quite softly." At this point the reader ceased to form his words and commenced to murmur indistinctly, giving an effect such as might be produced by a person reading aloud in an adjoining room, but with the connecting door closed.

If, after ten minutes of this murmuring, Mr. Pulitzer remained motionless, it was to be assumed that he was asleep, and the secretary's duty was to go on murmuring until Mr. Pulitzer awoke and told him to stop or to commence actual reading again.
